HEADING FOR FIRST — Cameron's Warren Rinn (second from left) sails across a low-hurdle barrier in the finals of the 180-yard event Saturday night in the Cameron Relays. Rinn outdistanced the field to win the event in 21.1

seconds for the gold medal and Cameron's lone individual win. A sharp Brenham team won the Relays by little more than a point over second-place Waco. Cameron was fourth with 13 points behind Rogers.

Record Crowd Sees Brenham Edge Waco For Relay Crown

A record crowd of about 800 cinder fans turned out for the finals of the Cameron Relays Saturday night at Yoe Field to see Brenham speedsters nip Waco for the crown.

About 20 teams entered the annual Relay event held in Cameron. Officials expected about 30 team entries.

Brenham mile relay runners clinched the title for the bullet-fast Cub outfit in winning the final event. Cub runners outran Waco in 3:36.9 for 5 points and the title. Waco led by 5-6 of a point up to the final relay.

Cameron runners placed fourth with 13 points behind Brenham's 23 Waco at 26 5-6 and Rogers,

13 5-6.

Best Yoeman showing was in the fleet 440-yard relay in which Cameron's quartet placed second behind Brenham. The Cub's Calvin Janner, Gene Bosse, Franklin Fisher and Don Boecker ran the event in 44.7.

Relay Team Takes 2nd

Cameron's Warren Rinn, Edward Lierman, Bobby Elliott and Hubert Marek sprinted into second place in the relay with a 45.2, followed by Temple with a 45.4.

Brenham's time was only one-tenth of a second off the Cameron event record of 44.6 set by Port Arthur in 1956. No meet records were set in Saturday competition.

Leland Weido Wins Buckholts FFA Prize

Leland Weido was named the Outstanding FFA Senior De Kalb Award winner at the annual Mother, Father, Son Banquet for the Buckholts FFA Chapter Friday night in the high school lunchroom.

More than 100 attended the dinner.

Charles Hundle, chapter vice-president, presented seven National FFA Foundation awards to: David Weber, Farm Safety, Hal Lester Senkel, Soil and Water

Management, Curtis Ray Fuchs, Farm Mechanics, District I reporter and past State Tractor Drive Contestant, Carroll Wayne Glaser, Public Speaker, James Edward Glaser, Dairy Farming, Walter Zajicek, Farm Electrification, Stanley Glaser, Chapter Star Farmer, and Weido, the DeKalb Award.

Sheep for the dinner were dressed and barbecued by Buckholts FFA boys. The sheep were donated by C. Titsworth Vocational Agriculture Teacher and Joe Glaser.

Highlight of the banquet were films shown by Dr. Robert Titsworth. The first film was taken at the State Ford Tractor Driving contest in Ft. Worth where Curtis Ray Fuchs was a contestant.

A second film taken at the Milam Livestock Show in Cameron showed Buckholts FFA entries and award winners Walter Zajicek and James Edward Glaser.

Honorary members of the Buckholts FFA attending the dinner were Mrs. Coy Arledge, Dr. and Mrs. Titsworth, Mr. and Mrs. Louis DeWald, Mr. and Mrs. Joe Glaser, Mr. and Mrs. Joe Zajicek, and Mr. and Mrs. Ed Kolba.

Special guests included Mr. and Mrs. Hugh Smith, Mrs. Alton Fuchs, Leo Fuchs, George Lewis and 1950-'58 chapter sweethearts: Betty Allison, Marie Petruy, Virginia Tomascik, Helen Svetlik, Marion Fuchs, Bernice Fischer, Jeanie Hanke, Carolyn Tate and Mary Chevalier.

Plaster Takes Basic At Ft. Carson, Colo.

Gerald Plaster, son of Mr. and Mrs. Neal Plaster, 602 E. 15th, enlisted with the US Army March 12.

Plaster's choice of assignment was with the Signal Corps. He is now at Fort Carson Colorado, where he will receive his basic training.

Draft Board Sets College Students Qualification Test

The Selective Service College Qualification Test will be given to college men May 1. Officials stated that this will be the only test offered for the 1957-58 school year and no make-up test will be offered.

Scores made on the test are used by local boards as a guide in considering requests for deferment from Military service to continue studies.

Application cards and instructions may be obtained from the local board office now. Men planning to take the test are urged to make early application at the local board office for information, necessary forms and materials.

Test scores, with other information which each registrant is required to provide the local board, will help the boards continue to insure the national strength by making the best possible decisions on how and when a man may best contribute to the national defense. Applications must be postmarked not later than midnight Friday, April 11, 1958. The test will be administered by Science Research Associates, Inc., Chicago.

Officials Note One Pulls Land

Moore Advises

Farmer To Test

Acreage Pros, Cons

Officials at the Milam Agricultural Stabilization and Conservation office said that only one farmer had withdrawn land from the soil bank up to Wednesday.

The farmer took out 30 acres.

Officials had announced that an extension had been granted to Friday, March 28, allowing farmers time to withdraw from the soil bank.

A record \$758,000 in allotments for about 21,000 acres is in the county soil bank at present.

County Agent J. D. Moore advised farmers this week to consider pros and cons of having cotton acreage in the soil bank.

He said cotton is expected to gross about \$165 this year per bale with the average cost of per acre of growing cotton about \$26, he said.

Milam County averages about a bale to each two or three acres in cultivation.

He pointed out the final decision is up to the cotton grower whether or not to use the soil bank. Average payment for land in the soil bank he said, is about \$35.

Milam County has about 60,000 acres allotted for cotton.

Fire Leaves Family Destitute Following Home Blaze Sunday

Friends of the Walter Mathews family, near Milano, are seeking clothing and household goods for the eight-member family that was burned out of their home Sunday night.

A fire of undetermined origin completely destroyed the family's four-room frame home on their farm, SH 36 south of Milano.

They were attending church services at the Church of Christ, Sand Grove, when the fire occurred.

H. E. Dodd, Route 1, Milano, and friend of the family, told The Herald, that the Mathews home was uninsured. They are staying in Rockdale at present.

Dodd said they can use all kinds of clothing, household goods, bedding and dishes. House and contents all were a total loss, Dodd said.

The family has three sons and three daughters from 10 to 17. Anyone wishing to contribute items may contact Dodd or leave them at The Cameron Herald.

Best Soil Moisture Start In Years, Moore Emphasizes

The current crop season is starting off with the best soil moisture in many years, according to County Agent J. D. Moore.

He said heavy fall and winter rains continued through February and March to rebuild ground water reserves depleted by seven years of drought.

Moore pointed out that delay in land preparation is of concern to farmers but was not critical yet.

He said that general farm opinion is that a good crop of thistles and winter weeds on land this time of year indicates that a good cotton crop will follow.

He pointed out it will take about 10 days for land to dry out for farm work. And soil was too wet and cold for general planting of crops.

Cotton is due for planting in April, Moore said. Weather also delayed tomato and cantaloupe planting.

Ministers Set Good Friday Services For April 4, Here

REVIVAL LEADERS — The Rev. Kenneth Patrick, (left) pastor of the Marlow Baptist Church, and the Rev. Ralph Orand, right, pastor of Latexo Baptist Church, will lead revival services at the Marlow Church April 6 — 13.

Marlow Baptists Planning Revival For April 6 - 13

Revival services are planned for April 6 - 13 at the Marlow Baptist Church with evening services beginning at 7:30 p.m.

The Rev. Ralph Byron Orand, now pastor of Latexo Baptist Church and attending Baylor University, will conduct the services.

The Rev. Kenneth Patrick, pastor of the Marlow Baptist Church, will direct music during the revival.

Rev. Orand has been in evangelistic three years. He formerly worked with Evangelist Paul Carlin in revivals around Texas.

Prayer services will be held April 4 and 5 at 7:30 p.m. at the church, Rev. Patrick said.

Easter Sunrise Services will be held followed by Sunday School at 8 a.m. Rev. Patrick said a fellowship hour will follow.

Johns Wins Grant For Graduate Work

Scholarships are almost becoming old hat to Fred Johns, 26-year-old science instructor at Yoe High School, but this time he hit the jackpot.

Johns, who resides with his mother, Mrs. Ida Johns, Route 2, Cameron, has won a nine-months scholarship for graduate study at the University of Oklahoma, Norman, Oklahoma.

It is worth about \$3,500.

To say it serves as incentive to teach is putting it mildly, Johns says, even though he has won two smaller grants from the Texas Company and the National Science Foundation.

The Foundation, incidentally, granted him the big fellowship that will enable him to complete work on a master's in natural science. He has a bachelor of science from Texas A&M in entomology.

Johns' fellowship will take him through nine months of graduate work at Oklahoma.

YHS Graduate
A graduate of Yoe High School

In 1950, Johns has been teaching at Yoe High School for three years. He lists teaching subjects in chemistry, biology, algebra, physics, and general science.

His hobby interest in slide rule led him to organizing a slide rule club at YHS. In the past years, he has taken three students to the state finals in slide rule, Johns says proudly.

The Cameron school board has granted him a leave of absence for the year of graduate work. He says he is undecided about the future after next year.

Selection Basis
How was he selected? Johns modestly points out that the National Science Foundation granted the scholarship on the basis of success in college work, teaching and previous experience.

He has taught only at Yoe High School. He worked with a termite control company prior to teaching here.

His first two scholarships were for summer work at Southern Methodist University and Texas A&M the past two years.

Joint Program To Start Noon At 1st Methodist

Seven Cameron ministers will lead city-wide Good Friday services Friday, April 4, at the First Methodist Church, Cameron.

Services will continue from noon until 3 p.m.

Officials asked that worshippers enter or leave the continuous service during singing of hymns or intermissions.

To Close Doors

Most Cameron businesses will close during the noon-3 p.m. services to allow employees an opportunity to attend.

The service will be highlighted by meditations and pastoral messages centering around the seven last words spoken by Christ on the cross.

The Rev. E. J. Davis, pastor of the First Methodist Church, will lead the call to worship and invocation followed by the Rev. Richard J. Bradshaw, vicar of All Saint's Episcopal Church, reading scriptures and meditations.

The Rev. James Henderson, pastor of Battetown Baptist Church, will continue the program of meditation termed "Authority at the Cross." The Rev. B. L. Laughlin, pastor of the Assembly of God, will lead a portion of the service entitled "Remembrance at the Cross."

Submission Topic

Following will be the Rev. Walter Grimes, pastor of the First Christian Church, leading devotions on "Submission at the Cross." The Rev. Floyd Hawins, pastor of the Church of the Nazarene, will follow with scripture and meditation on Christ's "Suffering at the Cross."

"Victory at the Cross" will be the portion of the Good Friday program led by the Rev. H. N. Bowley, pastor of the Gospel Tabernacle. The Rev. Aubrey F. Russell will conclude the three-hour program with "Confidence at the Cross."

Jaycees To Hold Annual Dinner Friday Night

Cameron Jaycees will install Milton Crockett, Austin, candidate for state president, at their annual installation dinner Friday night at the Cameron Country Club.

The dinner will begin at 7:30 p.m. President-elect Bill Crockett said he hopes to have 50 members, their wives and guests at the installation dinner.

Crockett will be installed the 1958 - 1959 president to succeed Don Humble. Other new officers to be installed are: vice-president, Frank Luecke; secretary-treasurer, James Kahler; and board members Humble, Milton Brown, Monroe Marek and Dr. George Bowman. Richard Williams is state director and state Jaycee treasurer.

Brown, state vice-president, will be installing officer. Humble will serve as master of ceremonies.

Special guests will include Joe Sawyer, state vice-president-elect, and Dr. Deig Guthrie, national director, both of Waco.

Jaycee members will bring as guests prospective members and their wives, Crockett said.

Jaycees met Monday night to outline the year's program for 1958-59. Crockett outlined a 12-point program to be continued under six committees.

Miss Mitchell Wins 1st Coloring Contest

Carolyn Ruth Mitchell, 6, of 1408 North Davis, was the first-prize winner of The Herald's first annual Easter Coloring contest.

The contest will continue for two more weeks with winners each week.

She will receive this week's first prize from Duke & Ayres Variety Store, one of the four sponsoring stores. Other sponsors are Burke's Variety Store, Burris-Moseley, Inc. and Caperton's 5 & 10.

Entries are on display at The Cameron Herald.

Carolyn Ruth is the daughter of Mr. and Mrs. John H. Mitchell and a student in Mrs. Hubert's kindergarten.

Second prize went to Veronica Dudik, 6, of 1407 N. Houston. Third prize was won by Linda Gayle Bowley, 6, of 408 N. Washington St. The fourth prize went to Glenda Beth Fuller 1511 N. Travis.

A large number of entries is

expected for the second coloring contest this week. The panel to be colored may be found on the classified page.

Contest officials this week are allowing an extra day for entries to be turned in. Entries should be taken to the sponsoring stores by 3 p.m. Saturday.

Contest rules are listed with this week's Easter color panel.

This week second prize will be given by Burke's Variety, third prize by Caperton's 5 & 10 and fourth prize by Burris-Moseley, Inc. The stores will alternate gift presentations each week.

Prizes will include Easter toys, bunnies and baskets.

Entries should bear the name, age and address of each participant. Children from 4 to 8 years are eligible to enter. They may enter as many entries as they desire.

The contest requires no purchase or payment.

County Agent's Notes

Still Time To Cut Allotments: Moore

By J. D. Moore

Milam county cotton producers are reminded that they have until March 28 to cancel or adjust any application filed under the acreage Reserve program.

Producers desiring to cancel or adjust applications on their 1958 cotton allotment acres should contact their local county ASC office for complete details. Moisture conditions are much improved over former years, but factors such as credit equipment and labor other than moisture also enter into the picture.

It is advised to get all the facts both pro and con and actually set

down the figures on income that can be expected from canceling, adjusting downward or leaving the application as filed, before making the final decision.

Cotton is expected to gross about \$165.00 per bale this year. Expenses for producing a bale will vary slightly from farm to farm. About \$26.00 per acre is an average cost of producing one acre of dry land cotton. We average producing a bale on between 2 and 3 acres of land.

The final decision is up to the cotton producer. Our office will be glad to supply cotton growers with information which is available on the current cotton situation along with material on the latest production practices.

Insects

Cut worms stay in the soil during the day and come out at night and cut down vegetables and flowering plants. Chlorodane (Green light), toxaphene or DDT dusted on the ground around the base of these plants will help control cut worms.

It would be well to make a spray by mixing toxaphene and DDT at the rate of 4 tablespoons per gallon of water and spray the border area of the yard and fence rows around the garden area since many of the cut worms come from these areas to invade flower beds and gardens.

Cottontoe

Farmers should treat their cottonseed before planting to control seedling blight, angular leafspot and boll rot. This treatment is inexpensive and the only practical way to combat these cotton diseases. Most all pedigreed cotton-

Jistel, Richter Buy Jersey Heifer With Houston Certificate

Two Milam County 4-H boys, Martin Jistel and Johnnie Ray Richter, each purchased a registered Jersey dairy heifer from the Reese Jersey Farm near Waco this month.

Bennie Whiteside, assistant county agent, announced that the boys made the purchases with certificates won by catching a calf in the dairy calf scramble at the Houston Rodeo.

The boys will take care of the animals for one year, feeding, grooming, training and keeping records of feed.

The dairy heifers will be shown at the Houston Stock Show in 1959 where they will be eligible for prizes. In addition to prizes on the animals, the boys also have a chance to win prizes such as college scholarships and cameras on their records.

Jeannette Richter purchased a registered Holstein dairy heifer from the Neale Farms near Waco this month also. She made her purchase with a certificate from the Sears, Roebuck Foundation.

The heifer will be cared for and exhibited at a dairy show in 1959, at which time the exhibitor will receive the registration papers on the heifer.

In addition to other requirements the owner must give back a sum of money equal to 1/4 of the market value of the milk produced by the animal during the first complete lactation period.

Sharp 4-H Studies Insecticide Safety

The Sharp boys 4-H club met Tuesday afternoon with Benny Whiteside, Milam county assistant agriculture agent.

Whiteside led a discussion on "How to Handle Insecticide Safely."

He showed the boys how to store poisons in a homemade box. He also discussed preparing a First-Aid Kit for the home.

FHA Loans Total \$150,000 For Milam, Burleson

This is the time of year when Milam and Burleson county farm families plan the steps they need to take to increase the efficiency of their farming operations during the coming farm season, reports Roy M. Wright Farmers Home Administration county supervisor.

\$150,000 has been loaned to farm families in the two-county area for operating their farms during the 1958 crop year.

The Farmers Home Administration advances operating credit primarily to help eligible farm families make improved use of their land and labor resources on family-type farms and make needed changes in their farming systems.

The loans help farmers pay for equipment, livestock, feed, seed, fertilizer, and other farm and home operating needs including refinancing chattel debts.

Operating loans run from 1 to 7 years at 5 percent interest. The average operating loan is approximately \$2000.

Wright said the bulk of the operating loan money in this area is being used for equipment and livestock. Many of the changes in farming systems are resulting in better dairy herds, more dependable pasture, adequate machinery, improved soil conservation measures and more wholesome home life.

He added he can make operating loans only to families who have or can acquire land and labor resources needed to help them improve their farming, and who are not presently able to turn to private or cooperative lenders for adequate financing of the type they require. All borrowers graduate to conventional credit as soon as they can.

Purses Slim And Neat

The days of the bulky tote-bag are gone. Purses are slim and neat, satchels are flat and tidy. Small clutch bags in brightly printed linen, calf, straw and patent leather will hold their popularity again this season and make a perfect accent for your new spring ensemble.

and this is especially true here in the 30,000 acres of Little River bottomland around Cameron and in Milam county.

During the past five years, interest in irrigation has been high. SCS technicians at Cameron have made topographic maps of a large percent of this bottomland where farmers were interested in developing a conservation irrigation system. The extremely wet year of 1957 and thus far in 1958 has brought to our attention again the old problem of too much water. Now the interest on this same land has changed from irrigation to drainage.

We are fortunate in that what is good for irrigation is also good for drainage. The topographic maps show us the needs as we lay out an irrigation system, it also shows us what to do to get the best and most economical drainage system.

The Perry Holder farm near Cameron is typical of most of our Little River farms. The topographic maps show poor drainage on about ten percent of the cropland. This is caused by turn rows, fence rows and other obstructions that cause silting and blockage of drainage channels.

During dry years, this land was not a problem, but during wet years, the land is usually too wet to work until it is too late to plant. In nearly every case this can be corrected with a little land smoothing or with small surface drains.

Farm drainage is similar to irrigation in that you are moving water on the soil surface. Care should be taken to move it off fast enough for proper drainage

but slow enough to prevent erosion. Your Soil Conservation Service has technicians who are available to help SCD cooperators in the planning and layout of drainage systems that will provide drainage and conservation.

AMERICA'S FAVORITE FAMILY WAGON...PLYMOUTH

Plymouth carries more . . . does more . . . provides more family fun than any other wagon in the low-price 3 because it's BIGGEST IN THE LOW-PRICE 3. You can't buy bigger at any price!

Maybe you're a station wagon family right now. More Americans are each day! But do you know all the really astonishing facts about the Plymouth wagon . . . how much more it gives you than other wagons, at a low budget price?

Size alone is only part of it! The Plymouth wagon is big as wagons in the high-price field that cost \$5500 and more . . . but, in addition to extra size, this glamorous beauty offers a wagonload of other features that are exclusively Plymouth in the low-price 3!

You simply can't get 'em anywhere else in the field. And once you try them . . . learn how little the years-ahead Plymouth wagon costs . . . you'll never settle for less! Why should you? Your Plymouth dealer has the money-saving story, and he's waiting for your visit.

5 big reasons why your wagon should be a Plymouth:

- 1 BIGGEST OF THE LOW-PRICE THREE:** Big as wagons costing thousands of dollars more. You can't buy bigger at any price! 122" wheelbase.
- 2 HOLDS SO MUCH MORE THAN THE "OTHER TWO":** Over 7 cu. ft. more passenger and cargo space. Extra "secret luggage" compartment in 6-passenger models.
- 3 REAR-FACING 3rd SEAT:** Folds flush into the floor; you don't have to store it outside when it's not in use. Easy to enter.
- 4 DISAPPEARING REAR WINDOW:** Rolls down into tailgate. Doesn't get in the way. Only Plymouth has it in the low-price field.
- 5 TORSION-AIRE RIDE—AT NO EXTRA COST:** Only on Plymouth in the low-price 3. Big-car luxury. No sideways on turns or nose-dive on stops.

Cameron Relay Success...

Cameron can well be proud of its annual Cameron Relays that attracted some 20 Texas High School track teams and the best evening crowd in the events history.

It is this type of event that brings Cameron into prominence as a center of attraction for all of Central Texas.

School officials said the gate for Saturday night finals was the best in the history of the Relays. It has been an annual track event in Cameron for many years.

It again shows that Cameron has leadership in Central Texas. The enthusiasm and support given the event and other sporting activities here are a good barometer of our ability to go ahead of the crowd.

The Cameron track squad made an excellent showing in garnering fourth place in probably as fine competition as anywhere in Texas.

The Herald salutes the area enthusiasm and interest always shown this event and others in the past.

It is the kind of enthusiasm that spells success for our school and its students and continued growth in Milam County and Cameron.

THE LITTLE RIVER PHILOSOPHER

Sage Has Some Advice For Cities
Afraid Of Getting Old-Fashioned

Dear editor:

I was out here on my farm last week watching spring arrive. I know spring will arrive whether you watch it or not, so will a flooded river rise if it keeps raining, but the same argument can be used on any night's television run, although I understand there are people who believe just the opposite, on the theory I guess the set will explode if they don't turn it on and let the programs out, and some of the programs I've seen ought to be let out with the windows thrown open to boot; at any rate, I was out here feeling pretty confident that eventually spring will work its way around to being here without any help on my part, which is one of the things I like about the season, when I noticed a newspaper caught on a bush, and while some people claim buds busting loose on a bush is a wonderful sight, a good newspaper in the same spot is hard to beat.

So I left the buds to nature and took the paper home and read it. According to an article I read in it, a city planner was worrying over the night of big cities, saying it's going to take a tremendous amount of work to keep them abreast of modern times. "Too many city street patterns are obsolete," he said. "Mass transportation systems are unwieldy, makeshift or patched-up water and sewer systems are prevalent," etc., and he thought something ought to be done about it. But I'd like to suggest to him that it's surprising how long you

can keep patching up things and still get by. I've got one fence that's moved 30 feet east in the last 20 years, just by fastening the wires to a different tree when the one I had them fastened to rotted and fell over. If I did everything that ought to be done on this farm out here, I estimate it'd take 15 years, and by the time I finished with the last one, the first one would be as run-down as when I started. I know a man who is doing everything he can, without letting up, night or day to get his farm, all his fences, all his appliances, exactly like he wants them, and the way he's going I figure he'll do it, and will have possibly 2 or 3 years on the tailend of his life to enjoy them, if he's not in the hospital at the time.

I learned long ago whatever is modern today will be old-fashioned tomorrow, and if the system you've got works, let it.

Yours faithfully,
J. A.

Cub Leaders Plan

Rosebud Meet April 1

The Cub leaders of Falls and Milam counties are to meet in Rosebud at the Methodist Church 7:29 p.m. April 1 for a Round-table.

The theme will be "Circus Days" and all Cub leaders are asked to bring some article that would relate to the theme.

The Boy Scout leaders Round-table will be held in Rosebud Park at the Scout cabin 7:30 p.m. April 1. "Cooking Stuff" is to be the theme. The leaders will have scoutcraft instruction in tin can craft. Bring something to cook and join us.

Insurance Liquidators Facing Old Problems

By Vern Sanford

Texas Press Association

AUSTIN—New names. New faces. But same old problems plague the state insurance liquidation division.

Next Legislature undoubtedly will step in and try to assign authority and responsibility more definitely, possibly overhaul the whole system.

Latest chapter in the division's history of criss-crossed efforts is the appointment of a new general counsel to the liquidator. He is Cecil C. Rotsch, former assistant attorney general.

Significant aspect of this is that Rotsch was appointed by Insurance Commissioner William A. Harrison. Whether the State Insurance Board, which Harrison represents, or judges of the receivership courts have the right to appoint attorneys for liquidation has been at issue for some years.

Last year Austin District Judge Charles O. Betts appointed Rene Allred Jr. counsel for receivership cases pending in his court.

This prompted the Insurance Board to institute a suit to get a Supreme Court ruling. But the high court's opinion didn't help. It said the Board was given authority to name the liquidator's attorney, but that the courts could step in and name one, too.

Fee Study Set

Most interesting aspect of the liquidation study is the amount of money involved.

Senate investigating committee was told that liquidation attorney Rene Allred had received in 10 months \$22,350 in fees and \$4,311.00 in expenses. Allred has been in charge of winding up the affairs of several large bankrupt firms, including ICT and US Trust and Guaranty.

Liquidation attorneys, unlike regular state employees, are not paid straight salaries, but receive fees taken from the assets of companies they handle.

Former State Liquidator J. D. Wheeler told the Senate panel that during his 3½ years in the post, the office collected \$4,938,927 with an administrative cost of \$2,102,590. Senate committee asked for a list of attorney's fees paid out during the past two years. They said the list would be made public.

US Trust Payments

One of the most celebrated bankruptcy cases in recent years has begun to unwind.

Dist. Judge Charles O. Betts has ordered the state liquidator to pay out \$2,181,464 recovered from the assets of US Trust and Guaranty Co. This represents some 31 per cent of the \$7,300,000 in claims made by creditors, mostly holders of US Trust "investment certificates."

Action was made possible after the Supreme Court made final its ruling that certificate holders had no priority in claims.

Down Again

No miracle is yet in sight for the ailing Texas oil industry.

Railroad Commission cut the state's allowable for April to 2,444,571 barrels a day. It's 120,203 barrels a day less than March. Eight producing days will be allowed, one less than March.

Commission set this lowest-in-history producing schedule after hearing most major oil buyers say they could foresee no substantial increase in demand for oil this year. Commission operates on the philosophy that oil should not be produced unless someone is willing to buy it.

Meanwhile, Texas officials seeking action to reduce importing of foreign oil, received some hope of help in Washington. Prospect is for reduction of import quotas in line with lessened U. S. demand.

More Growth Seen

Recession or no, Texas' rate of industrial expansion exceeds the

national average and possibly will gain steam and set a new record in 1959.

So says the University of Texas Bureau of Business Research in a survey of the state's major industries.

Cited as areas of expansion were chemicals, plastics, aircraft and missiles, electronics construction materials, metal fabrication, apparel, food processing and furniture.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Cameron's Business - Industrial Review

The Pictorial Story Of Cameron
Business Leadership

WIESE LUMBER COMPANY — Buddy Wiese, owner of Wiese Lumber Co., 315 S. Houston St., Cameron, displays some of his lines of decorating and building materials available at his lumber company here. He says that Wiese Lumber

Co. offers the complete lumber yard service including a wide stock of lumber, building supplies and plumbing fixtures for construction and repair jobs big and small.

Wiese Lumber Ready To Serve Any Building, Repair Needs

"Wiese Lumber Co. is ready to serve Milam Countians in any of their building and repair needs." This is the basis of lumber sales and service offered by Wiese Lumber Co., 315 S. Houston St., Cameron.

Owner Buddy Wiese, veteran lumberman and builder, backs up his company's policy with a life-long background of building experience and lumber yard management.

And his services are many and varied in the lumber business. Wiese says his staff of four is available for immediate delivery of materials and estimates on building jobs regardless of size.

Complete Supplies
Wiese Lumber Co. also offers a complete array of paints, roofing, nails bathroom fixtures and plumbing supplies to bring building know how and quality building materials together.

His paint line includes Kem-tone and Kem-Glo selections to meet any requirement for decorating or painting inside or outside the home or farm.

He also features Gold Bond ceiling tile and popular shutters for fashionable decors.

"There is hardly any building problem we would not undertake to overcome," Wiese says. "We will make estimates on any type of job, whether for a repair job or a new house."

"And when a customer orders some materials for immediate use, we give him immediate delivery," he points out.

Wiese Lumber Co. is open five days a week from 7:30 a.m. to 5 p.m. Monday through Friday and open until noon on Saturdays.

Wiese's building supplies also includes bricks and roofing of any type and inside paneling for dens and family TV rooms.

Plans, Specs Work
"We can draw up plans and specifications for buildings of any type, including houses, farm structures and larger types of construction," Wiese emphasizes. "We invite the opportunity to figure on any job."

"In the final analysis," Wiese points out, "we have just about all that is required to handle the building and building supply needs for that extra room, a new house or a remodeling job in the kitchen."

Wiese invites Milam Countians

to do business at Wiese Lumber Co., Cameron. His phone number is 232.

"Your business is more than appreciated. It's taken care of competently and correctly at Wiese Lumber Co. Give us a ring today," he concludes.

Childress Agency

Offers Complete

Insurance Service

You will be "on the insurance corner" when you visit the George Childress Insurance Agency for your insurance needs.

For you will find a complete insurance service including old line life, fire and casualty insurance companies and an auto financing service, according to George Childress, agency owner.

His associate James M. Wiggs, represents Southwestern Life Insurance Co., a recently added insurance service at Childress Insurance.

Major Companies

Major companies represented by Childress are the Aetna Group, Hartford fire group, Republic fire and casualty and National Surety (Fireman's Fund). His agency represents a number of other leading insurance companies.

Wiggs, a specialist in fire casualty and life insurance needs, has attended a number of insurance schools such as the Aetna school in Hartford, Conn.

"We strive for a well-rounded insurance service organization," Childress points out. "We believe that the user of insurance can best be served when our personnel have a wide background in all types of insurance."

Childress also features auto financing and loans along with his insurance agency. He points out that he started out in the auto loan business in the early 1920's before many people felt auto financing was sound business.

Fine Facilities

"We have fine facilities in our vestibule comfortable chairs, air conditioning and controlled heat . . . always available if a customer has to wait for a few moments."

"We ask you, the customer, to compare the services and companies we represent," Childress says. "We are sure you will want to do your insurance and loan business 'on the insurance corner.'"

MRS. FRANK TORNO

Shirley Norris,
Frank Torno
Wed In Houston

Epworth Methodist Church in Houston was the scene of the wedding of Miss Shirley Marie Norris to Frank Vincent Torno February 22 at 8 p.m.

The bride is the daughter of Mr. and Mrs. Severan Norris of Golden Acres. Mr. Torno is the son of Mr. and Mrs. Frank L. Torno of Cameron.

The Rev. Harry N. Holmes officiated at the double ring ceremony before an altar banked with baskets of white flowers and flanked by four candelabras.

Given in marriage by her father the bride wore a gown of parchment satin. The lace bodice was enhanced with tiny pearls which were also used on lace panels on the dress. A pearl headress held her veil of illusion.

She carried a cascade of nine white orchids showered with Stephanotis.

Mrs. James T. Closs was matron of honor. Bridesmaids were Mrs. Raymond Brown, Mrs. Phil Beeson, Mrs. Everett Favor and Miss Linda Jane Pope. Their gowns were of blue chromspun satin. Attendants carried red Happiness roses.

Miss Sharon Gooch served as flower girl and Trey Haralson was ring bearer.

James T. Closs of Baytown served as bestman and groomsmen were Phil Beeson, J. P. Gooch, Dr. Everett Favor and Wayne Patin. Ushers were Douglas Lewis and Harry Frank.

The bride's mother wore a dress of pink lace and a pink rose corsage.

Members of the house party were Mrs. J. P. Gooch, Mrs. Jack Burton, Mrs. Harry Frank and Miss Dianna Pope.

The couple will make their home at 6206 Del Rio in Houston.

Local GES members participating in Bryan School are top row, left to right: R. P. Williams, Gertrude Harsha, Grace Reid, Johnnie Lee Richards, Dean

White. Bottom row, left to right: Jewel Williams, Virginia Sanders, Mable Dodson, Finfred Allen and Mildred Covey.

Mrs. Covey To Lead Eastern Star
School Of Instruction In Bryan

Mrs. Mildred Covey of Cameron, Deputy Grand Matron of District 4 Section 6 Grand Chapter of Texas, will be in charge of the

School of Instruction, Order of the Eastern Star, at Lamar School in Bryan, Saturday starting at 9 a.m.

Mrs. Ruby Enloe of Bryan, Worthy Grand Matron and Dr. Russell Holt of El Paso, Worthy Grand Patron, will be honored guests. Mrs. Gertrude Harsha, Grand Representative from Virginia will also be honored.

Mrs. Virginia Sanders of Cameron will serve as secretary of the school to which twelve central Texas Chapters will send representatives.

Other Cameron Chapter members to participate in the school will be Mrs. Grace Reid, Mrs. Mable Dodson, Mrs. Jewel Williams, Mrs. Johnnie Lee Richards, Mrs. Winifred Allen, Mr. R. P. Williams and Mr. Dean White.

Assisting in the examining room will be Mrs. Carrie Kuehl, Mrs. Matilda Newton and Mr. T. R. Allen.

A large group of local Chapter members plan to attend the school.

Methodists To Host

District WSCS Meet

Annual meeting of the Bryan District WSCS will be held in Cameron Friday according to Mrs. W. C. Freeman, president.

Mrs. Lamar Clark, president of the Texas Conference, will be featured speaker. The meeting will be in the First Methodist Church from 10 a.m. until 1 p.m.

Civic Garden Club
Studies Landscaping

The composition of your soil, the topography and size of your lot as compared to the shape of your house, and your budget and

income were the three main points considered when Mrs. Thomas Raymond and Mrs. Roy Wright presented a program on Landscaping for the Civic Garden Club Thursday.

The cost of landscaping effectively usually is about 10 percent of the total value of the house and lot. They stressed the value of the 3 important areas in home landscaping, the area as viewed by the public, the private area for family living and the service area.

Good drainage was noted as one of the most desirable factors for a choice lot. "The plantings should enhance the beauty of the home and not cover it up", the speakers emphasized.

Mrs. W. M. Fanning gave an enthusiastic report of the Spring meeting of District V held in Temple March 19th. Mrs. R. G. Grabein, club president, Mrs. Alvin Dusek and Mrs. Leo Fuchs also attended this meeting.

Mrs. Frank Schiller presented plans for the forthcoming Iris Show which will be held in the Recreation Room of the First Christian Church April 16th.

The door prize for this meeting was won by Mrs. Thomas Raymond.

Mrs. Grabein conducted a short business session and reports from standing committee chairmen were heard.

TWU Alumni Meet
In Rockdale Monday,

Elect New Officers

Mrs. Walter E. Fischer was hostess for the Texas Womens University Alumni Association meeting at her home Monday evening in Rockdale.

New officers elected were Mrs. Richard Wilkinson, president. Mrs. James Kahler, vice-president. Mrs. Fischer, secretary. Mrs. Esslinger, treasurer, and Mrs. A. F. Matula, publicity.

Plans were discussed for a college fashion show to be held April 10.

One new member of the association, Mrs. Joy Walker from Milano, was welcomed.

Hughes In Fort Worth
Mr. and Mrs. Stanley Hughes and daughter Marilyn and Mr. and Mrs. Charlie Worcester visited Dwight Hughes in Fort Worth and Mr. and Mrs. Ben A. Walker and children in Dallas Sunday.

OCEAN TO OCEAN ACROSS SOUTH AMERICA—AND BACK—IN 41 HOURS!

CHEVY'S NEW V8 LEVELS THE HIGHEST, HARDEST HIGHWAY OVER THE ANDES!

To prove the durability of Chevrolet's radical new Turbo-Thrust V8,* the tremendous flexibility of the new Turboglide transmission,* the incredible smoothness of Full Coil suspension, we tackled the most challenging transcontinental road in the world — the 1,000-mile General San Martin Highway. To make it harder, the Automobile Club of Argentina sealed the hood shut at Buenos Aires — no chance to add oil or water or adjust carburetors for high altitude.

So the run began — across the blazing Argentine pampas, into the ramparts of the forbidding Andes. Up and up the road climbed, almost 2½ miles in the sky! Drivers gasped for oxygen at 12,572 feet — but the Turbo-Thrust V8 never slackened its torrent of power, the Full Coil springs smothered every bump, the Turboglide transmission made play of grades up to 30 percent. Then a plunge to the Pacific at Valparaiso, Chile, a quick turn-around and back again. Time for the round trip: 41 hours 14 minutes — and the engine was never turned off!

George Childress recom-
s this recipe for Green Rice
good lenten main dish. She
that it would serve four to

Green Rice
1 cup hot cooked rice
1 cup finely chopped parsley
1 cup finely chopped green
1 cup finely chopped spinach
1 cup milk
1 cup (about 2 oz.) grated
hard Cheddar cheese
1 cup butter
1 egg, well beaten until thick
and piled softly
2 tablespoons butter
2 tablespoons flour
1 teaspoon salt
1/2 grains white pepper
1 cup milk
1 tablespoon soy sauce
1/2 cup shrimp or crab meat
1/2 cup 1 quart casserole. Set
in 250 degrees 45 minutes
until set.
Add 1 1/2 cups milk in top of
boiler over simmering wa-
ter until a thin film appears.
Add cheese and 1/2 cup butter
the hot cooked rice. Mix in
parsley, green onion, and spi-
nach. Add beaten eggs and scald-
ing to rice mixture; mix light-
ly into the casserole.
Bake at 250 degrees 45 minutes
until set.
Add 3 tablespoons butter in a
saucepan over low heat. Blend in
salt and pepper. Heat until
bubbles, stirring constant-
ly, remove from heat. Add milk
mixture, stirring constantly. Re-
turn to heat. Cook rapidly, stirring
constantly, until sauce thickens.
Cook 1 to 2 minutes longer. Mix
the soy sauce and shrimp or
crab meat.

Rockdale Girl Named Alcoa's Honor Winner

Miss Ginger Nan Harriss, daugh-
ter of Mrs. Flora S. Harriss of
Rockdale and great granddaugh-
ter of the man who first hauled
lignite from this area, is the win-
ner of the 1958 Alcoa Foundation
scholarship allotted to Rockdale
Works.

Leon Terry was a candidate
from Cameron.

Miss Harriss, a Rockdale High
School senior, was chosen from a
field of eight candidates Monday
night at the selection board's final
meeting of the year here. Miss
Linda Gayle Graham, daughter of
Mr. and Mrs. W. L. Graham, also
of Rockdale, was named alternate
for the scholarship.

Hinton H. Pruett, Milam County
School superintendent, and chair-
man of the selection committee,
made the announcement after the
committee had studied results of
aptitude tests, high school grades,
character, personality and extra-
curricular achievement of each of

the eight contestants.

Final interviews with the stu-
dents followed a dinner held at
Singer's Grill in Rockdale at which
Rockdale Works Manager R. R.
Sugg was host.

Miss Harriss, head cheerleader
for the past year at Rockdale High
School has won scholastic honors
in homemaking, English, journal-
ism, and science; has been presi-
dent of local chapter and district
in homemaking; has been a class
officer, a band member, and lib-
rarian while in high school. She
has only one term grade below
A throughout her four years at
Rockdale High.

In community activities she was
chosen Rotary Queen in 1955; was
named alternate to attend Girls'
State in 1957; and has held many
offices in the Order of Rainbow
for Girls.

Ideal Garden Spot

Location can mean the differ-
ence between a successful and an
unsuccessful garden, says B. G.
Hancock, extension horticulturist.
The ideal site would be a level,
well-drained, sunny spot with deep,
rich friable sandy loam.

Mrs. Kuhn Is Home

Herald Honor Roll

9 Businesses Note March Improvements

ine businesses went on The Herald's first honor roll of property improvement during March while no names of property improvements at residences had been received.

Those improving their property by painting, repairing or decorating business or residential property will receive a certificate from The Herald during its Paint in March campaign which will continue through mid-April.

The drive started early this month.

Business improvements thus far ranged from new roofs to new window panes and window decorations. Others were outside paint improvements and decoration.

The Herald will add to the honor roll of Paint in March participants as they are noted or turned in by participants.

Following is the first honor roll. Your home or residence may be added by calling The Herald, Phone 282, and reporting your improvements during the campaign.

Palm Sunday

Most Important Day In Christians Year

By The Rev. Walter R. Grimes Minister

First Christian Church

Palm Sunday is one of the most important, but most neglected days of the Christian Year, and begins to climax the Easter Season and Lent.

The Gospel of Luke tells the story very vividly, but very simply. Jesus sent two of the disciples ahead into Bethany in search of a colt on which no one had ever sat. They were to bring the colt to Jesus, and if questioned by anyone, were simply to answer "The Lord has need of it." They did as they were told and brought it to Jesus. Putting their coats on the colt's back, then Jesus mounted it for the short ride into Jerusalem. As they approached the city, "The whole multitude of the disciples began to rejoice and praise God with a loud voice for all the mighty works they had seen, saying 'Blessed be the King who comes in the name of the Lord! Peace in heaven and glory in the highest!'"

What a triumphal entry! There are no bright, racing chariots pulled by Arabian horses here... simply the King of Kings riding on the back of a donkey, surrounded by those who had followed Jesus. All of these would soon leave him, though. Jesus knew that he was riding to his death, and that he would be left alone. But Jesus knew more than just this... He knew that he must do what was His Father's will, and that His Father would be with him regardless of what happened.

Jesus entered the temple and began to drive out those who had perverted the Jewish religion, saying "It is written, 'My house shall be a house of prayer'; but you have made it a den of robbers."

Some of the richest teachings of the Master are found between the "Triumphal entry" and Calvary. The question on authority; the parable of the vineyard; giving tribute to Caesar; the poor widow; the coming of the Son of Man are full of the Master's spirit, and well confirm for us that "This is the Son of God."

As we enter this Holy Week, let us not lose sight of the events leading to Calvary, and Easter. In the beginning we find the King of Kings riding on a donkey because "The Lord has need of him". That which is impure is cast out of religion, as it always is when men persist in sinning, and the Spirit of God confronts them. The Son of God is crucified, as He ever is, by sinful men because he threatens to change their lives. "This is the judgement that the light has come into the darkness, and men have loved the darkness rather than the light." We see the crucifixion taking place days before the incident on Calvary, as Jesus stands outside the city of Jerusalem, and wept because the hearts of the people had been hardened to other things than the will of God. "O Jerusalem, Jerusalem... how often would I have gathered your children together, as a hen gathers her brood under her wings, but you would not!"

Jesus again stands, but this time just outside our city, ready to make his triumphal entry. So let us accept Him with loud shouts of "Hosanna, Blessed is He who comes bringing Salvation."

FFA Delegates, Sweethearts Attend Lexington District Banquet Tonight

By Mrs. J. W. Meyer
Mary Chevalier, Buckholts 1958 FFA Chapter Sweetheart, and Mary Ann Fachtinger, assistant Sweetheart, will go to Lexington March 27 when Lexington FFA Chapter will be host for the Annual District Sweetheart and Entertainment Contest Banquet.

Accompanying the Chapter Sweethearts will be C. Tittsworth, Buckholts vocational agriculture teacher and advisor; Louis DeWald principal, Max McClaren, faculty member; and voting delegates, Walter Zajack and Nathan Fritz.

New residents here are Mr. and Mrs. George Lewis who are living on the Joe Zajack place north of town.

Mr. Lewis is assistant manager of Buckholts Grain Dryer and Storage Company, which is now under construction. The Lewis' were former residents at Edna, Jackson county, where they were active members in the Baptist Church. Mr. Lewis is interested in Boy Scout work.

Mrs. J. D. Lewis, who was ill at her home the past week is reported to be much improved. She expects to resume her work at the office of County Superintendent

A-2c Henry Ray Brown is on his way home following a two year assignment at Itzku Air Base in Japan. His mother, Mrs. Henry W. Brown, will meet him in California where they will visit relatives before returning to Cameron. Following a 4 week leave Brown will report to Carswell AFB in Fort Worth.

NOTICE
TO THE CHILDREN OF THE CONFEDERACY, Ben Milam, Jeb Stewart, and Mary Black groups. I have missed you very much in these weeks of seeming neglect but as you all know, I have been ill and I thought of all of you constantly, even in my darkest hours. I love you and now that we are to meet again, I am very happy. As soon as I regain my strength, I will call you to come and meet with me. We will have greater times than ever before, so remember we are still in existence and planning on assembling again.
Your devoted,
Lelia M. Batte
